**This agenda is subject to change at the discretion of the New River Resource Authority.**

AT A MEETING OF THE NEW RIVER RESOURCE AUTHORITY  
AUDIT COMMITTEE  
HELD ON WEDNESDAY, NOVEMBER 12, 2025, AT 10:00 A.M.,  
NRRA ADMINISTRATION BUILDING,  
DUBLIN, VIRGINIA:

PRESENT: Mr. Robert Asbury, Member  
Mr. Mike Mooney, Member

ABSENT: Mr. Steve Fijalkowski, Chairman

STAFF: Mr. Joseph Levine, NRRA Executive Director  
Ms. Monica Furrow, NRRA Assistant Secretary  
Mr. Howard Estes, NRRA Legal Counsel  
Mr. Brandon Atkins  
Mr. Nate Hurst  
Mr. Isaac Slade Wall

GUESTS: Mr. Scott Wickham, Robinson Farmer Cox  
Mr. Adam Murray, Thompson and Litton

**I. Roll Call:**

Mr. Mike Mooney called the meeting to order.

**II. Approval of November 12, 2025 Agenda:**

The November 12, 2025 agenda was approved as presented.

**III. Administrative Items**

**A. Audit Presentation**

Mr. Scott Wickham presented the FY 24/25 audit. A copy of the presentation is included with these minutes.

**Page 2:** the Independent Auditor's Report, Mr. Wickham noted that the Authority got an unmodified, clean opinion. The Authority adopted GASB 101 accounting principles.

**Page 5:** shows the Management Discussion and Analysis; this provides information on the Authority as a whole.

**Page 11:** shows the Statement of Net Position for the Authority, at the bottom of page 11, the Net Position shows the net worth of the Authority.

**Page 12:** shows the Income Statement; the Authority had a significant impact on depreciation. The \$530,740 loss is due to the gas expansion project.

**Page 13:** Shows the Statement of Cash Flows.

**Page 29:** Shows changes in net pension liability; the Sensitivity Analysis shows the discount rate is 6.75 percent, showing the Authority has \$785,605 in Net Pension Liability.

**Page 52:** Shows a ten-year trend of Revenues, Expenses, and Changes in Net Position since 2016.

**Pages 53 and 54:** Shows a report on Compliance matters, there were no items noted in the report.

Mr. Wickham referenced the "Audit Presentation" dated November 12, 2025. A copy of the presentation is included in the minutes.

**Page 1:** The Audit Presentation shows a five-year trend of Revenues, Expenses and Net Operating Income.

**Pages 2 and 3:** Show the Letter of Governance. Pages four and five show the Independent Accountants' Report; there was testing done with the VRS plan. There were no errors shown in the report.

**Pages 6, 7, and 8:** Show a summary of upcoming GASB standards. There should be no significant impact on the Authority.

The motion to present the Audit Report to the Authority Board was made by Mr. Asbury. The motion was seconded by Mr. Mooney and approved by the two Audit Committee members.

#### **IV Adjourn:**

The motion to adjourn the meeting was made by Mr. Asbury. The motion was seconded by Mr. Mooney and agreed by the members of the Audit Committee.

With no further business, the meeting adjourned at 10:34 a.m.

Respectfully Submitted,

Monica Furrow,  
Assistant Secretary

Approved at \_\_\_\_\_ Board Meeting.

Communication with Those Charged with Governance

---

To the Board of Directors  
New River Resource Authority  
Dublin, Virginia

We have audited the financial statements of the business-type activities of New River Resource Authority for the year ended June 30, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions* as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 12, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by New River Resource Authority are described in Note 1 to the financial statements. As described in Note 14 to the financial statements, New River Resource Authority changed accounting policies by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 101, *Compensated Absences*. Implementation did not require restatement. We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Authority's financial statements were:

Management's estimate of the depreciation expense is based on the straight-line method and historical data. We evaluated the methods, assumptions, and data used to develop the depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the compensated absences liability is based on the historical leave usage. We evaluated the methods, assumptions, and data used to develop the liability in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimates of the net pension liability, net OPEB asset, net OPEB liability, related deferred outflows of resources, and related deferred inflows of resources are based on the entry age actuarial cost method. We evaluated the methods, assumptions, and data used to develop the assets and liabilities in determining that they are reasonable in relation to the financial statements taken as a whole.

Management's estimate of the liability for landfill closure and post-closure monitoring is based on established guidelines and experience. We evaluated the methods, assumptions, and data used to develop this estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has recorded the proposed audit adjustments, none of which were material.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated October 8, 2025.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

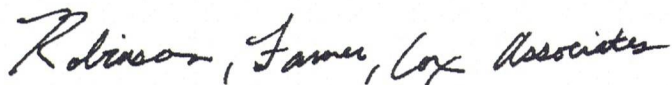

### Other Matters

We applied certain limited procedures to management's discussion and analysis and the schedules related to pension and OPEB funding, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on other statistical information, which accompanies the financial statements but is not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

### Restriction on Use

This information is intended solely for the use of the Board and management of New River Resource Authority and is not intended to be, and should not be, used by anyone other than these specified parties.

**Independent Accountants' Report**

---

**Auditor of Public Accounts**  
**P.O. Box 1295**  
**Richmond, VA 23218**

We have examined management of New River Resource Authority's assertion that the census data reported to the Virginia Retirement System by New River Resource Authority during the year ended June 30, 2025, were complete and accurate based on the criteria set forth by the Virginia Retirement System and the Board of Trustees' plan provisions as mandated in §51.1-136 of the Code of Virginia. New River Resource Authority's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the New River Resource Authority and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, management's assertion that the census data reported to the Virginia Retirement System by the New River Resource Authority during the year ended June 30, 2025, were complete and accurate based on the criteria set forth by the Virginia Retirement System and the Board of Trustees' plan provisions as mandated in §51.1-136 of the Code of Virginia, is fairly stated, in all material respects.

This report is intended solely for the information and use of the Auditor of Public Accounts of the Commonwealth of Virginia, the Virginia Retirement System, and the New River Resource Authority's management and is not intended to be and should not be used by anyone other than these specified parties.

cc: New River Resource Authority

## Appendix A

We identified one control environment during this review for which New River Resource Authority was responsible.

The following table reflects the population size and sample size for each procedure performed over the control environment for which New River Resource Authority was responsible:

Required Audit Procedure	Population Size	Sample Size (1)	Risks and Other Considerations Used to Determine Sample Size
Review of Census Data Elements *	29	4	No risk identified - see note below for documentation of sample size
Review of Eligibility of Newly Enrolled Members Reported to the VRS **	3	3	No risk identified - tested 100% of the population based on cost/benefit analysis
Review of Monthly myVRS Navigator Contribution Confirmation Reconciliations ***	N/A	N/A	Not tested under alternate testing
Review of myVRS Navigator System Access ****	N/A	N/A	Not tested under alternate testing

\*Asterisks in above table: Refer to corresponding number of asterisks in the Audit Specifications for the applicable audit procedures.

- (1) Sample sizes are based on a 5% tolerable rate and approximately a 75% confidence level for populations over 250. Sample sizes for populations under 250 are based on a percentage of the population which is not less than 10%. Prior history, staff knowledge of VRS requirements, etc. was factored into determining sample size.

# Accounting Update – Summary of Upcoming Pronouncements by the Governmental Accounting Standards Board (GASB)<sup>1</sup>

---

## GASB STATEMENT NO. 103 – Financial Reporting Model Improvements

The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

### Management's Discussion and Analysis

This Statement continues the requirement that the basic financial statements be preceded by management's discussion and analysis (MD&A), which is presented as required supplementary information (RSI). MD&A provides an objective and easily readable analysis of the government's financial activities based on currently known facts, decisions, or conditions and presents comparisons between the current year and the prior year. This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement emphasizes that the analysis provided in MD&A should avoid unnecessary duplication by not repeating explanations that may be relevant to multiple sections and that "boilerplate" discussions should be avoided by presenting only the most relevant information, focused on the primary government. In addition, this Statement continues the requirement that information included in MD&A distinguish between that of the primary government and its discretely presented component units.

### Unusual or Infrequent Items

This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence. Furthermore, governments are required to display the inflows and outflows related to each unusual or infrequent item separately as the last presented flow(s) of resources prior to the net change in resource flows in the government-wide, governmental fund, and proprietary fund statements of resource flows.

### Presentation of the Proprietary Fund Statement of Revenues, Expenses, and Changes in Fund Net Position

This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses.

---

<sup>1</sup> Source of information – Governmental Accounting Standards Board. Readers may obtain complete copies of these standards at: <http://www.gasb.org/>

Operating revenues and expenses are defined as revenues and expenses other than nonoperating revenues and expenses. Nonoperating revenues and expenses are defined as (1) subsidies received and provided, (2) contributions to permanent and term endowments, (3) revenues and expenses related to financing, (4) resources from the disposal of capital assets and inventory, and (5) investment income and expenses.

In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for *operating income (loss) and noncapital subsidies* be presented before reporting other nonoperating revenues and expenses. Subsidies are defined as (1) resources received from another party or fund (a) for which the proprietary fund does not provide goods and services to the other party or fund and (b) that directly or indirectly keep the proprietary fund's current or future fees and charges lower than they would be otherwise, (2) resources provided to another party or fund (a) for which the other party or fund does not provide goods and services to the proprietary fund and (b) that are recoverable through the proprietary fund's current or future pricing policies, and (3) all other transfers.

#### Major Component Unit Information

This Statement requires governments to present each major component unit separately in the reporting entity's statement of net position and statement of activities if it does not reduce the readability of the statements. If the readability of those statements would be reduced, combining statements of major component units should be presented after the fund financial statements.

#### Budgetary Comparison Information

This Statement requires governments to present budgetary comparison information using a single method of communication—RSI. Governments also are required to present (1) variances between original and final budget amounts and (2) variances between final budget and actual amounts. An explanation of significant variances is required to be presented in notes to RSI.

#### Effective Date and Transition

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

## GASB STATEMENT NO. 104 – Disclosure of Certain Capital Assets

State and local governments are required to provide detailed information about capital assets in notes to financial statements. Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, requires certain information regarding capital assets to be presented by major class. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets.

This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology*

*Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class.

This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset.

### Effective Date

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

AT A MEETING OF THE NEW RIVER RESOURCE AUTHORITY  
HELD ON WEDNESDAY, NOVEMBER 12, 2025, AT NOON,  
NRRRA ADMINISTRATION BUILDING,  
DUBLIN, VIRGINIA:

PRESENT: Mr. Steve Fijalkowski, Chairman  
Mr. Tom Starnes, Vice-Chairman  
Mr. Dirk Compton, Secretary  
Mr. Robert Asbury, Member  
Mr. Paul Baker, Member  
Ms. Debbie Lyons, Member  
Mr. Mike Mooney, Member

ABSENT: Mr. Barry Helms, Member

STAFF: Mr. Joseph Levine, NRRRA Executive Director  
Ms. Monica Furrow, NRRRA Assistant Secretary  
Mr. Howard Estes, NRRRA Legal Counsel  
Mr. Ike Snider  
Mr. Adam Slaughter  
Mr. Brandon Atkins  
Mr. Nate Hurst  
Mr. Isaac Slade Wall

GUESTS: Mr. Adam Murray, Thompson & Litton, Inc.  
Mr. Scott Wickham, Robinson Farmer Cox  
Mr. Jake White, Labella Associates

**I. Call to Order and Roll Call:**

Chairman Fijalkowski called the meeting to order. An Invocation and Pledge of Allegiance followed.

**II. Approval of November 12, 2025, Agenda:**

The motion to approve the November 12, 2025, Agenda as was made by Mr. Baker. The motion was seconded by Mr. Asbury and approved by unanimous vote of the Authority Board.

**III. Employee Recognition**

Mr. Levine recognized Mr. Josh Owens for 15 years of service with the Authority.

**IV. Approval of Meeting Minutes October 22, 2025:**

The motion to approve the October 22, 2025, Budget Committee minutes was made by Mr. Baker. The motion was seconded by Ms. Lyons and approved by unanimous vote of the Budget Committee.

The motion to approve the October 22, 2025, Board Meeting minutes as amended to change Steve Gillispie to Seth Gillispie and the motion to adjourn the October board meeting was made by Mr. Baker and not Mr. Asbury. The motion was seconded by Mr. Mooney and approved with six members approving and one member abstaining.

**V. Old Business:**

There was no Old Business to discuss.

## **VI. New Business:**

### **A. Items of Vote:**

#### **1. Transaction by Vendor Report:**

The Transaction by Vendor Report for the month of October 2025 was presented.

The motion to approve the Transaction by Vendor Report for the month of October 2025 was made by Mr. Starnes. The motion was seconded by Mr. Compton and approved by a recorded roll-call vote of the Authority Board as follows:

Mr. Asbury	<u>yes</u>	Mr. Mooney	<u>yes</u>
Mr. Baker	<u>yes</u>	Mr. Starnes	<u>yes</u>
Mr. Compton	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>
Ms. Lyons	<u>yes</u>		

#### **2. Draft Financial Statements:**

The Draft Financial Statements as of October 31, 2025, were presented.

The motion to approve the Draft Financial Statements as of October 31, 2025, was made by Mr. Asbury. The motion was seconded by Mr. Starnes and approved by a roll-call vote of the Authority Board as follows:

Mr. Asbury	<u>yes</u>	Mr. Mooney	<u>yes</u>
Mr. Baker	<u>yes</u>	Mr. Starnes	<u>yes</u>
Mr. Compton	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>
Ms. Lyons	<u>yes</u>		

### **B. Administrative Items:**

#### **1. FY 24/25 Audit Presentation**

Mr. Scott Wickham from Robinson Farmer and Cox gave the audit presentation. A copy of the presentation is included with these minutes.

Mr. Wickham referenced the Financial Report for the New River Resource Authority.

**Page 2- Independent Auditors' Report**, the Authority received an unmodified, clean opinion. The Authority did GASB 101 for Compensated Absences.

**Pages 5 through 10- Management Discussion and Analysis**, provides an overview of the Authority's financial activities for the year ending June 30, 2025.

**Page 11- NRRA Statement of Net Position at June 30, 2025**, this report includes assets, net investments in capital assets, liabilities, deferred inflows of resources and the net position at the bottom which is essentially the net worth if the Authority.

**Page 13- Statement of Cash Flows**, breaks down the operating activities of the Authority which is money from waste coming in across the scales.

**Page 52- Summary of Schedule of Revenues, Expenses, and Changes in Net Position- Unaudited For the Years Ended June 30, 2016, through June 30, 2025**, this shows a 10 year trend of financial activities of the Authority.

**Page 53 and 54- Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters on an Audit of Financial Statements Performed in accordance with Government Auditing Standards,** Mr. Wickham noted earlier that the Authority received a clean report.

Mr. Wickham referenced the "Audit Presentation" handout dated November 12, 2025.

**Page 1- Brief Analysis,** provided a five-year summary (2021-2025). Mr. Wickham stated that the Authority is still in a very positive position.

**Pages 2 and 3- Communication with Those Charged with Governance,** reviewed the significance of the audit including information regarding depreciation, net pension liability, estimated and evaluations of the liability for landfill closure monitoring. Mr. Wickham noted that staff did a great job of getting information to the auditors ahead of time.

**Pages 4 and 5- Independent Accountants' Report,** required auditors by the State, to test VRS data submitted through the online system. Mr. Wickham noted there were no issues found.

**Pages 6, 7, and 8- Summary of Upcoming Pronouncements,** Mr. Wickam stated that he does not believe that the changes will impact the Authority.

Mr. Wickam noted that the audit process went very well, and staff did well in giving the auditors the information on time.

The motion to accept the results of the Audit was made by Mr. Asbury. The motion was seconded by Mr. Compton and approved by a roll-call vote of the Authority Board as follows:

Mr. Asbury	<u>yes</u>	Mr. Mooney	<u>yes</u>
Mr. Baker	<u>yes</u>	Mr. Starnes	<u>yes</u>
Mr. Compton	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>
Ms. Lyons	<u>yes</u>		

## 2. Labella Associates Presentation

Mr. Jake White from Labella Associates gave a presentation regarding PFAS. A copy of the presentation is included with these minutes.

## C. Reports:

### 1. Executive Director Report:

The Executive Director's Report for September was included in the Agenda package.

Mr. Levine presented the Executive Director's Report. Included in the report is the waste stream for October 2025 and an operational summary. In summary of the balance sheet, revenues are 9.9% above projections and expenses are 0.6% below to-date. A total of 25,947.65 tons of waste was managed in October 2025. On October 21, Sherry Johnson and Bill Ratcliffe presented at Pulaski County Ag Day. On October 29, Todd Fowler and Rebecca Wright from VDEQ performed an inspection. On November 3, Financial Assurance estimates were submitted to VDEQ.

### 2. Engineering:

Mr. Levine presented the Engineering section of the Agenda.

Mr. Jake White from Labella Associates reported that groundwater samples at the Ingles Mountain and Cloyd's Mountain landfill came back with good results.

Mr. Adam Murray from Thompson and Litton reported that stormwater samples have yet to be obtained.

**VII. Public Comments:**

The Chairman invited Public Comments.

No comments were presented.

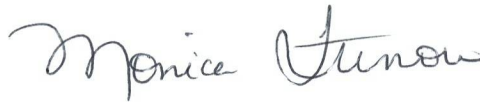

**VIII Adjourn:**

The motion to adjourn the meeting was made by Mr. Baker. The motion was seconded by Mr. Mooney and approved by unanimous vote of the Authority Board.

With no further business, the meeting adjourned at 12:56 p.m.

The next scheduled meeting of the Authority Board is Wednesday, January 21, 2026, 12:00, (NOON), at 7100 Cloyd's Mountain Road Dublin, VA 24084.

Respectfully Submitted,

A handwritten signature in dark ink, appearing to read "Monica Furrow". The signature is fluid and cursive, with the first name "Monica" written in a larger, more prominent script than the last name "Furrow".

**To the Board of Directors  
New River Resource Authority  
Dublin, Virginia**

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the accompanying financial statements of the business-type activities of New River Resource Authority, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the New River Resource Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of New River Resource Authority, as of June 30, 2025, and the changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New River Resource Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Change in Accounting Principles***

As described in Note 14 to the financial statements, in 2025, the Authority adopted new accounting guidance, GASB Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New River Resource Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New River Resource Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New River Resource Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the other statistical information but does not include the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

***Other Information (Continued)***

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2025, on our consideration of New River Resource Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of New River Resource Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New River Resource Authority's internal control over financial reporting and compliance.

**NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

The following management discussion and analysis (MD&A) serves as an introduction to the financial statements of New River Resource Authority's financial performance and provides an overview of the Authority's financial activities for the year ended June 30, 2025. The MD&A represents management's examination and analysis of the Authority's financial condition and performance and it should be read in conjunction with the Authority's basic financial statements which immediately follow this section. The MD&A is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments (GASB 34)*.

#### **THE AUTHORITY AS A WHOLE**

The Authority's total net position for the year ended June 30, 2025 decreased to \$32,679,084 from \$33,209,824 at June 30, 2024. Net position is composed of net investment in capital assets, restricted net position for future OPEB costs, and unrestricted net position. Net investment in capital assets for the year ended June 30, 2025 decreased to \$18,177,192 from \$19,599,101 at June 30, 2024. *Unrestricted* net position - the part of net position that can be used to finance day to day operations without constraints established by debt covenants, enabling legislation, or other legal requirements for the year ended June 30, 2025 increased to \$14,488,891 from \$13,602,989 at June 30, 2024. This increase was expected due to a planned deposit into reserves to fund future closure and postclosure liabilities. Actual expenses did exceed initially budgeted due to increases in inflation and significant gas well monitoring expenses. Revenues exceeded budget mostly due to nonmembers sales exceeding budget by \$2,348,540.

The Authority had revenues of \$7,973,814, which was short of the expenses of \$8,504,554 resulting in a decrease to net position of (\$530,740).

#### **Business-type Activities**

The Authority operates as a "business-type activity". Business-type activities utilize the accrual basis of accounting and their statements provide both short and long-term financial information.

#### **FINANCIAL STATEMENT PRESENTATION**

The Authority is solely engaged in business-type activities and therefore its basic financial statements are comprised of two components: 1) enterprise fund financial statements and 2) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB).

Enterprise fund financial statements. The financial statements provide information about the Authority as a whole using the accrual basis of accounting, which is the method used by most private-sector enterprises. The report includes three financial statements: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025 (CONTINUED)

---

**FINANCIAL STATEMENT PRESENTATION (CONTINUED)**

The *Statement of Net Position* presents information on the Authority's 1) assets and deferred outflows of resources and 2) liabilities and deferred inflows of resources with the difference between the two reported as net position. Net position is displayed in three broad components - net investment in capital assets; restricted; and unrestricted.

The *Statement of Revenues, Expenses, and Changes in Net Position* presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. earned but unused vacation leave). Revenues and expenses are categorized as either operating or non-operating based upon definitions provided by current guidance. Operating revenue consists of landfill charges. Non-operating revenue consists of investment income, gains on disposals of property and equipment, and timber sales.

One of the main goals of these two financial statements is to report the Authority's net position and changes that affected net position during the fiscal year. The change in the Authority's net position is one way to measure the Authority's financial health, or financial position. Increases and decreases in net position are indicators of whether the Authority's financial health is improving or deteriorating.

The *Statement of Cash Flows* presents changes in cash equivalents, resulting from operational, financial, and investing activities. This statement presents cash receipts and cash disbursement information without consideration of the earning event, when an obligation arises, or depreciation of capital assets.

Notes to Financial Statements. The notes to the basic financial statements provide additional information that are essential to a full understanding of the data provided in the financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, certain required supplementary information concerning the Authority's asset, liability, and funding of its obligation to provide pension and other post-employment benefits to its employees is located immediately following the notes to financial statements.

*The remainder of this page is left blank intentionally.*

**NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025 (CONTINUED)**

**CONDENSED FINANCIAL INFORMATION**

Table A presents the Condensed Statement of Net Position for the years ended June 30, 2025 and 2024. At June 30, 2025 and 2024, unrestricted net position was \$14,488,891 and \$13,602,989, respectively. Of total net position, unrestricted net position represented 44.3% and 40.9% for fiscal year 2025 and 2024, respectively.

**TABLE A:**

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
<b>Assets</b>		
Current assets	\$ 25,826,565	\$ 24,357,491
Noncurrent assets	19,764,481	21,743,887
Total assets	\$ 45,591,046	\$ 46,101,378
 <b>Deferred outflows of resources</b>	 \$ 433,075	 \$ 459,871
 <b>Liabilities</b>		
Current liabilities	\$ 929,156	\$ 919,334
Noncurrent liabilities	12,276,448	12,358,883
Total liabilities	\$ 13,205,604	\$ 13,278,217
 <b>Deferred inflows of resources</b>	 \$ 139,433	 \$ 73,208
 <b>Net Position</b>		
Net investment in capital assets	\$ 18,177,192	\$ 19,599,101
Restricted	13,001	7,734
Unrestricted	14,488,891	13,602,989
Total net position	\$ <u>32,679,084</u>	\$ <u>33,209,824</u>

As noted earlier, net position may serve over time as a useful indicator of an Authority's financial position. In the case of the Authority, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$32,679,084 and \$33,209,824 at June 30, 2025 and 2024, respectively. The largest portion of the Authority's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. For 2025, 55.6% of the Authority's net position is invested in capital assets. The Authority uses these capital assets to provide services to customers; consequently, these assets are not available for future spending.

**NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025 (CONTINUED)**

**CONDENSED FINANCIAL INFORMATION (CONTINUED)**

Table B presents the Condensed Statement of Revenues, Expenses, and Changes in Net Position for the years ended June 30, 2025 and 2024.

The Authority continues to operate its regional landfill site serving private customers as well as its member jurisdictions that include Pulaski County, the Town of Dublin, the City of Radford, Giles County, and Montgomery Regional Solid Waste Authority. Operating revenues for the Authority consist of two primary categories: landfill charges and gas-to-energy proceeds.

**TABLE B:**

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
<b>Revenues</b>		
Operating revenues:		
Landfill charges	\$ 6,363,444	\$ 4,967,772
Gas to energy revenues	56,416	63,059
Miscellaneous	431,318	541,681
Nonoperating revenues	1,122,636	1,217,431
Total revenues	\$ <u>7,973,814</u>	\$ <u>6,789,943</u>
<b>Expenses</b>		
Operating expenses:		
Operations	\$ 5,424,524	\$ 4,521,189
Closure and postclosure	477,444	611,023
Depreciation	2,544,051	2,541,911
Nonoperating expenses	58,535	75,028
Total expenses	\$ <u>8,504,554</u>	\$ <u>7,749,151</u>
<b>Change in Net Position</b>	\$ <u>(530,740)</u>	\$ <u>(959,208)</u>

Landfill charges for fiscal year 2025 increased by 28.1% to \$6,363,444 compared to \$4,967,772 from fiscal year 2024. The Authority disposed of 222,255 tons of waste in the current fiscal year as compared to 186,526 in the prior year. Landfill charges from nonmembers significantly increased as the Joint Wythe Bland PSA started bringing their tonnage to the Authority. Further, the area incurred additional waste due to the New River flooding and related cleanup.

The Authority's operations expenses increased by 20.0% to \$5,424,524 from \$4,521,189. This increase was largely related to general inflation and the significant gas well monitoring expenses.

The Authority continues to increase its participation in environmentally conscious activities such as gas-to-energy conversions and the destruction of methane gases produced as a by-product of traditional landfill operations. The gas-to-energy program is a means to offer supplemental energy production in addition to the traditional grid, while the destruction of methane gas allows for the Authority to manage its own carbon footprint, as well as the carbon footprint of others.

**NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025 (CONTINUED)**

---

**CONDENSED FINANCIAL INFORMATION (CONTINUED)**

During the fiscal year 2017, the Authority completed the expansion of its administration building located at its Cloyd's Mountain landfill site. The expansion of the administration building allows for the Authority to conduct its general management activities, but also provides the Authority with the opportunity to better serve the public through its public outreach events that include elementary school tours, educational presentations, and other stakeholder meetings.

**CAPITAL ASSETS and LONG-TERM DEBT**

**Capital Assets**

As of June 30, 2025, the Authority has \$19,751,480 invested in a variety of capital assets (net of accumulated depreciation), including land, landfill developments, building, equipment, and vehicles. The Authority's additions to capital assets for the current year totaled \$551,644. Depreciation expense for the year ended June 30, 2025 was \$2,544,051. Considering depreciation expense and the Authority's capital asset additions, total net investment in capital assets decreased to \$19,751,480 at June 30, 2025 from \$21,743,887 at June 30, 2024, for a total net difference of (\$1,992,407). The majority of the current year investment in capital assets was comprised of the following:

- (1) 2024 Ford F-650 mechanic truck
- (1) 2018 International flusher washer truck

Additional information on the Authority's capital assets can be found in Note 5 in the notes to the financial statements.

**Long-term Obligations**

As of June 30, 2025, the Authority reported total outstanding debt and obligations of \$13,106,871. These items are detailed at Note 3 of the financial statements. This total is a decrease of \$46,366 from the amounts reported as of June 30, 2024. This change is a net effect of an increase in the reported landfill closure and postclosure liabilities of \$441,563 and the decrease in financed purchases and lease liabilities due to expected principal repayments.

During fiscal year 2022, the Authority implemented GASB Statement No. 87 *Leases*, which resulted in the reclassification of capital leases to lease liabilities. During the year, the Authority also issued a new lease for the purchase of a compactor. This is described in Note 4.

Other long-term debt and obligations consist of compensated absences, net pension liability, and the net OPEB liability.

During fiscal year 2025, the Authority implemented GASB Statement No. 101, *Compensated Absences*, which resulted in an increase in accrued sick and annual leave.

**NEW RIVER RESOURCE AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2025 (CONTINUED)**

---

**ECONOMIC FACTORS AND FUTURE BUDGETS**

The Authority considers many factors when setting future fiscal year budgets and tip fees that will be charged for business-type activities. Tipping fees and interest generate the revenues that are used to establish the budget. The estimated tipping fees are based on the estimated amount of waste material disposed and/or recycled in a fiscal year. Some of the factors considered when establishing the budget include, but are not limited to:

1. Uncertainty regarding the overall climate economy
2. Member agreements
3. Past budgetary information
4. Waste disposal, recycling, and other trend analyses
5. Expansion of the open landfill
6. Capital improvement projects and costs of plant and equipment
7. Financial assurance requirements related to landfill closure and post-closure costs
8. Employee salary and benefit increases, including VRS rates
9. Overall energy and fuel costs

Some assumptions for next fiscal year budget (fiscal year 2026) will include: the operations to include disposal in Areas A, B, C, and D; operating an active landfill gas system, expansion of the active landfill gas system, closure of approximately 10 acres within the next five years, West Fork Mitigation Project, and concerns with the stability of the waste stream due to economic trends. Revenue projections for the next fiscal year will be reduced to reflect changes due to the uncertain economy. Operations expenses will increase with the trending inflation and the opening of Area D for disposal.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, ratepayers, customers, and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the resources it receives and their uses. Questions concerning this report or requests for additional information should be directed to the Executive Director, P.O. Box 1246, Dublin, Virginia 24084, telephone (540) 674-1677.

## **Basic Financial Statements**

NEW RIVER RESOURCE AUTHORITY  
STATEMENT OF NET POSITION  
AT JUNE 30, 2025

**ASSETS**

## Current Assets:

Cash and cash equivalents	\$ 10,142,304
Investments	2,587,426
Investments with trustee - closure/postclosure care	12,658,997
Accounts receivable - members	300,382
Accounts receivable - trade, net of allowance	137,456
Total current assets	<u>\$ 25,826,565</u>

## Noncurrent Assets:

Net OPEB asset	\$ 13,001
Capital assets (net of accumulated depreciation):	
Land	1,087,106
Landfill and support facilities	14,455,165
Equipment and vehicles	3,084,547
Lease equipment	1,124,662
Total capital assets (net of accumulated depreciation/amortization)	<u>\$ 19,751,480</u>
Total noncurrent assets	<u>\$ 19,764,481</u>
Total assets	<u>\$ 45,591,046</u>

**DEFERRED OUTFLOWS OF RESOURCES**

Pension related items	\$ 406,154
OPEB related items	26,921
Total deferred outflows of resources	<u>\$ 433,075</u>

**LIABILITIES**

## Current Liabilities:

Accounts payable - operations	\$ 15,025
Interest payable	12,191
Payroll liabilities	71,517
Lease liabilities - current portion	236,417
Landfill closure/postclosure liability - current portion	206,398
Compensated absences - current portion	35,922
Financed purchased - current portion	351,686
Total current liabilities	<u>\$ 929,156</u>

## Noncurrent Liabilities:

Lease liabilities - long-term portion	\$ 183,924
Financed purchased - long-term portion	802,261
Net OPEB liability	67,848
Net pension liability	785,605
Compensated absences - long-term portion	323,295
Landfill closure/postclosure liability - long-term portion	10,113,515
Total noncurrent liabilities	<u>\$ 12,276,448</u>
Total liabilities	<u>\$ 13,205,604</u>

**DEFERRED INFLOWS OF RESOURCES**

Pension related items	\$ 119,273
OPEB related items	20,160
Total deferred inflows of resources	<u>\$ 139,433</u>

**NET POSITION**

Net investment in capital assets	\$ 18,177,192
Restricted for future OPEB costs	13,001
Unrestricted	14,488,891
Total net position	<u>\$ 32,679,084</u>

The accompanying notes to the financial statements are an integral part of this statement.

NEW RIVER RESOURCE AUTHORITY  
STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION  
FOR THE YEAR ENDED JUNE 30, 2025

---

**OPERATING REVENUES**

Landfill charges, net of user rebates	\$ 6,363,444
Gas-to-energy	56,416
Miscellaneous	<u>431,318</u>
<b>Total operating revenues</b>	<b>\$ <u>6,851,178</u></b>

**OPERATING EXPENSES**

Members' compensation	\$ 37,256
Salaries and wages	1,864,905
Employee benefits and payroll taxes	962,058
Professional services	291,111
Office expenses, postage, and advertising	79,909
Insurance	39,273
Dues, licenses, and subscriptions	24,011
Telephone and communications	21,916
Travel	8,358
Training and education	9,365
Uniforms and special clothing	11,642
Utilities	83,090

Fuels	251,311
Leachate treatment	104,822
Seeding and erosion	14,513
Tools and supplies	124,248
Equipment rental	15,567
Repairs and maintenance	411,051
Miscellaneous	5,249
Methane, ground water, and leachate monitoring	930,325
Landfill closure and postclosure expense	477,444
Depreciation/amortization	<u>2,544,051</u>
<b>Total operating expenses</b>	<b>\$ <u>8,446,019</u></b>

**Net operating income (loss)** **\$ (1,594,841)**

**Nonoperating revenues (expenses):**

Interest and dividend income	\$ 1,122,636
Interest expense	<u>(58,535)</u>

**Total nonoperating revenues (expenses)** **\$ 1,064,101**

**Change in Net Position** **\$ (530,740)**

**Net Position at beginning of year** **33,209,824**

**Net Position at end of year** **\$ 32,679,084**

The accompanying notes to the financial statements are an integral part of this statement.

NEW RIVER RESOURCE AUTHORITY  
STATEMENT OF CASH FLOWS  
FOR THE YEAR ENDED JUNE 30, 2025

**Cash flows from operating activities:**

Cash received from customers	\$ 6,926,049
Cash payments to suppliers for goods and services	(2,635,033)
Cash payments to employees	(2,671,753)
	<u>                    </u>
Net cash provided by (used for) operating activities	\$ 1,619,263

**Cash flows from capital and related financing activities:**

Interest payments	\$ (68,078)
Principal payments on financed purchases	(337,190)
Lease payments	(233,308)
Purchase of capital assets	(551,644)
	<u>                    </u>
Net cash provided by (used for) capital and related financing activities	\$ (1,190,220)

**Cash flows from investing activities:**

Interest income	\$ 455,328
	<u>                    </u>
Net cash provided by (used for) investing activities	\$ 455,328

Net increase (decrease) in cash and cash equivalents \$ 884,371

Cash and cash equivalents at beginning of year 9,257,933

Cash and cash equivalents at end of year \$ 10,142,304

**Reconciliation of net operating income (loss) to net cash provided by (used for) operating activities:**

Net operating income (loss) \$ (1,594,841)

**Adjustments to reconcile operating income (loss) to net cash provided by (used for) operating activities:**

Depreciation expense	\$ 2,544,051
Decrease (increase) in accounts receivable	74,871
Decrease (increase) in net OPEB asset	(5,267)
Decrease (increase) in deferred outflows of resources	26,796
Increase (decrease) in accounts payable	(38,847)
Increase (decrease) in payroll liabilities	22,142
Increase (decrease) in compensated absences	96,336
Increase (decrease) in net OPEB liability	(633)
Increase (decrease) in net pension liability	(13,133)
Increase (decrease) in landfill closure/postclosure liability	441,563
Increase (decrease) in deferred inflows of resources	66,225
	<u>                    </u>

Total adjustments \$ 3,214,104

Net cash provided by (used for) operating activities \$ 1,619,263

The accompanying notes to the financial statements are an integral part of this statement.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**Note 1 - Summary of Significant Accounting Policies:**

The financial statements of the New River Resource Authority conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies.

**A. Financial Reporting Entity**

New River Resource Authority (“the Authority”) is a public body, politic, and corporate established on January 15, 1987, by Articles of Incorporation executed by the Board of Supervisors for the County of Pulaski and the Councils of the City of Radford and the Town of Dublin pursuant to the Virginia Water and Sewer Authorities Act. The Authority was created to acquire, finance, construct, operate, and maintain facilities for the development and operation of a landfill. Montgomery Regional Solid Waste Authority and the County of Giles entered into agreement with the Authority and became members of the Authority in July 1997 and 1998, respectively. In July 2005, the Board of the Authority entered into an agreement with the County of Floyd approving the jurisdiction as a customer of the Authority. The majority of the Authority's revenues are derived from the operation of the landfill and limited to the New River Valley and surrounding areas.

**B. Financial Statement Presentation**

The financial statements have been prepared in accordance with current standards.

The Authority follows the business-type activities requirements of current standards, which provides that the following sections be included in the annual financial report:

1. Management discussion and analysis
2. Basic financial statements including a statement of net position, statement of revenues, expenses and changes in net position, and a statement of cash flows
3. Notes to the financial statements
4. Required supplementary information (RSI)

The Authority does not have any component units, nor is it considered a component unit of any of the participating jurisdictions.

**C. Basis of Accounting**

For financial reporting purposes, the Authority is considered a special-purpose government, engaged only in business-type activities. Accordingly, the Authority's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

**D. Proprietary Fund Revenue and Expense Classifications**

Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for services.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, including gifts, and other revenue sources that are defined as nonoperating revenues by current standards, such as state appropriations and interest and other investment income.

Nonoperating expenses include interest on debt related to the purchase of capital assets and losses on the disposal of capital assets. All other expenses are classified as operating expenses.

NEW RIVER RESOURCE AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2025 (CONTINUED)

---

**Note 1 - Summary of Significant Accounting Policies: (Continued)**

**E. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Authority has one item that qualifies for reporting in this category. It is comprised of certain items related to the measurement of pension and OPEB. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has one type of item that qualifies for reporting in this category. Certain items related to the measurement of the pension and OPEB are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

**F. Net Position**

The Statement of Net Position reports the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources as net position.

The Authority's net position is classified as follows:

Net Investment in Capital Assets - This category consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

Restricted- This category consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

Unrestricted - Unrestricted net position represents the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

**G. Net Position Flow Assumption**

Sometimes the Authority will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**H. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Authority's Retirement Plan and the additions to/deductions from the Authority's Retirement Plan's fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

---

**Note 1 - Summary of Significant Accounting Policies: (Continued)**

**I. Other Postemployment Benefits (OPEB)**

For purposes of measuring the net VRS related OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI and HIC OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**J. Capital Assets**

Capital assets are tangible and intangible assets, which include property, plant, equipment and infrastructure assets (support facilities, leachate facilities and similar items), are reported in the financial statements. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed (except for intangible right-to-use lease assets (lease assets), the measurement of which is discussed in more detail below). Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Land and construction in progress are not depreciated. The other tangible and intangible property, equipment, lease assets, and facilities are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Equipment	2-10
Support facilities	20
Leachate facilities	30
Buildings	40
Landfill assets	15-40
Landfill cell development	Over expected life of the cell
Lease equipment	10-15

**K. Use of Estimates**

The preparation of financial statements in conformity with accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these amounts.

**L. Compensated Absences**

The Authority recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences - vacation and sick leave. The liability for compensated absences reported in the financial statements consist of earned but unpaid accumulated leave balances. The liability is based on the leave accumulated as of June 30. It is the Authority's policy to permit employees to accumulate limited leave that may be earned until retirement or termination. Employees are paid for accumulated unused compensated absence balances upon the termination of their employment up to the amount of maximum carryover for the employees' years of service. Accumulated vacation leave and sick leave that is more likely than not to be liquidated with expendable available financial resources is reported as an expense and a liability of the Authority.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

---

**Note 1 - Summary of Significant Accounting Policies: (Continued)**

**L. Compensated Absences (Continued)**

The Authority provides employees with sick leave, annual leave, and compensation time. These leave benefits are awarded annually based on tenure and allow for various carryover amounts also based on employee tenure. Upon termination, employees will be paid for all their annual leave and compensation time, as well as fifty percent of the sick leave balance up to a maximum of \$10,000. The Authority's compensated absence liability is based on these payouts as well as expected leave usage based on historical data.

**M. Cash and Cash Equivalents**

For the purposes of the statement of cash flows, the Authority's cash and cash equivalents consist of cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition.

**N. Investments**

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, other nonparticipating investments and external investment pools are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

**O. Accounts Receivable**

Primary customers of the Authority consist of the City of Radford, Town of Dublin, Pulaski Public Service Authority, Floyd, Giles Public Service Authority, and Montgomery Regional Solid Waste Authority. Accounts receivables are shown net of an allowance for doubtful accounts. The Authority calculates its allowance for uncollectible accounts using historical collection data and specific account analysis. For the year ended June 30, 2025, the allowance was \$0.

**P. Accrued Landfill Closure**

Accrued landfill closure represents the estimated liability for closure and postclosure costs for the landfill sites. This includes the cost of any equipment and facilities to be installed near or after the date of landfill closure for purposes of closure, the cost of landfill capping, and the cost of monitoring and maintaining the sites during the postclosure period. A total estimate of these expenses is made and updated on a periodic basis and expenses are charged to current period usage of the landfill site. Current cost of landfill closure and postclosure care is an estimate and subject to change resulting from inflation, deflation, technology, or changes in applicable laws or regulations.

**Q. Leases**

The Authority leases various assets requiring recognition. A lease is a contract that conveys control of the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases.

*Lessee:*

The Authority recognizes lease liabilities and intangible right-to-use lease assets (lease asset) with an initial value of \$5,000, individually or in the aggregate in the financial statements. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The lease asset is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 1 - Summary of Significant Accounting Policies: (Continued)**

**Q. Leases (Continued)**

*Key Estimates and Judgments:*

Lease accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Authority uses the interest rate stated in lease contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the Authority uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease and certain periods covered by options to extend to reflect how long the lease is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease incentives and certain other payments are included in the measurement of the lease liability.

The Authority monitors changes in circumstances that would require a remeasurement or modification of its leases. The Authority will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

**Note 2 - Deposits and Investments:**

**Deposits**

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and saving institutions holding public deposits in excess of the amount insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

**Investments**

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard & Poor's; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

**Custodial Credit Risk:** Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority's investments at June 30, 2025 were held in the Authority's name by the Authority's custodial bank.

**Credit Risk of Debt Securities:** The Authority's rated debt investments as of June 30, 2025 were rated by Standard & Poor's and/or an equivalent national rating organization and the ratings are presented below using the Moody's rating scale.

Authority's Rated Debt Investments' Values			
Rated Debt Investments	Fair Quality Ratings		
	AAAmf	AAA	Total
Government Agency Bonds	\$ -	\$ 14,722,558	\$ 14,722,558
Money Market Funds	523,865	-	523,865
Total Investments	\$ 523,865	\$ 14,722,558	\$ 15,246,423

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 2 - Deposits and Investments: (Continued)**

**Investments (Continued)**

**Interest Rate Risk:** Listed below are the Authority's investments subject to investment rate risk and their corresponding maturity dates.

Investment Type	Investment Maturities (in years)		
	Less 1 yr	1-5 yrs	Total
Government Agency Bonds	\$ 5,929,018	\$ 8,793,540	\$ 14,722,558
Money Market Funds	523,865	-	523,865
Total	\$ 6,452,883	\$ 8,793,540	\$ 15,246,423

**Fair Value Measurements:** Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The Authority maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels as follows:

Level 1. Quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at a measurement date

Level 2. Directly or indirectly observable inputs for the asset or liability other than quoted prices

Level 3. Unobservable inputs that are supported by little or no market activity for the asset or liability

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Authority has the following recurring fair value measurements as of June 30, 2025:

Investment	6/30/2025	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Government Agency Funds	\$ 14,722,558	\$ 14,722,559	\$ -	\$ -
Money Market Funds	523,865	523,865	-	-
Total	\$ 15,246,423	\$ 15,246,424	\$ -	\$ -

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 2 - Deposits and Investments: (Continued)**

**Restrictions on Cash, Cash Equivalents, and Investments:**

The Authority holds a Letter of Credit with National Bank as a standby trust to meet the financial assurance requirements to cover estimated future closure and post-closure costs for each of the Authority's landfill sites. Due to the requirements of this letter of credit, the Authority is required to maintain bank accounts as collateral for the standby trust, with a minimum balance of 100% of the available letter of credit. As of June 30, 2025, the Authority has secured the Letter of Credit with National Bank in the amount of \$14,284,403 to cover the total estimated closure and post-closure liability of \$10,319,913. Total funds held as collateral as of June 30, 2025, were \$14,799,649, which is more than the minimum requirement by \$515,246. See Note 6 for further details of the closure and postclosure care costs liability.

In addition to the funds restricted for financial assurance purposes, the Authority has internally set aside amounts to fund an Environmental Trust in the amount of \$1,000,000 for the Ingles Mountain Landfill site and \$1,000,000 for the Cloyd's Mountain Landfill site for the purposes of self-insuring for pollution and general liability.

**Note 3 - Long-Term Obligations:**

The following is a summary of long-term obligation transactions of the Authority for the year ended June 30, 2025:

	Balance July 1, 2024	Issuances/ Increases	Retirements/ Decreases	Balance June 30, 2025
Lease liabilities	\$ 653,649	\$ -	\$ (233,308)	\$ 420,341
Financed purchase	1,491,137	-	(337,190)	1,153,947
Compensated absences*	262,881	96,336	-	359,217
Landfill closure and postclosure	9,878,350	441,563	-	10,319,913
Net pension liability	798,738	596,495	(609,628)	785,605
Net OPEB liability	68,481	29,659	(30,292)	67,848
Total	\$ 13,153,236	\$ 1,164,053	\$ (1,210,418)	\$ 13,106,871

\*The change in compensated absences liability is presented as a net change.

*The remainder of this page is left blank intentionally.*

**Note 3 - Long-Term Obligations: (continued)**

Details of long-term obligations:

	<u>Total Amount</u>	<u>Amount Due Within One Year</u>
Direct borrowings and placements:		
Financed Purchases:		
Purchased a CAT D8 tractor for \$1,305,000 issued May 5, 2023 bearing interest at 2.15%. Principal and interest payments of \$144,550 are due semi-annually through May 2028.	\$ 808,598	\$ 258,723
Purchased a CAT 336 excavator for \$478,478 issued October 27, 2023 bearing interest at 4.69%. Principal and interest payments of \$54,122.10 are due semi-annually through October 2028.	345,349	92,963
Subtotal financed purchases	<u>\$ 1,153,947</u>	<u>\$ 351,686</u>
Other Obligations:		
Compensated absences	\$ 359,217	\$ 35,922
Landfill closure and postclosure	10,319,913	206,398
Lease liabilities	420,341	236,417
Net pension liability	785,605	-
Net OPEB liability	67,848	-
Total Other Obligations	<u>\$ 11,952,924</u>	<u>\$ 478,737</u>
Total Long-term Obligations	<u>\$ 13,106,871</u>	<u>\$ 830,423</u>

The future principal and interest payments as of June 30, 2025, were as follows:

Year Ending June 30	Financed Purchases	
	Principal	Interest
2026	\$ 351,686	\$ 45,659
2027	366,808	30,537
2028	382,584	14,761
2029	52,869	1,253
Total	<u>\$ 1,153,947</u>	<u>\$ 92,210</u>

**Financed Purchases Events of Default:** In event of default the financing entity will reclaim the corresponding equipment.

**Note 4 - Lease Liabilities:**

The Authority entered into a 7-year lease agreement as lessee for the acquisition and use of a dump truck. A lease liability was recorded in the amount of \$404,386 in a transition from being reported as a capital lease prior to implementation of the new lease standard. As of June 30, 2025, the value of the lease liability was \$159,732. The Authority is required to make semi-annual principal and interest payments of \$32,596, with an interest rate of 1.35%. In addition, the Authority will purchase the equipment for \$1 at the end of the lease term. The equipment has a 10-year estimated useful life. The value of the right-to-use asset as of the end of the current fiscal year was \$401,750 with accumulated amortization of \$167,122.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 4 - Lease Liabilities: (Continued)**

In 2022, the Authority entered into a 5-year lease agreement as lessee for the acquisition and use of a landfill compactor. An initial lease liability was recorded in the amount of \$849,067 during the current year. As of June 30, 2025, the value of the lease liability was \$260,610. The Authority is required to make semi-annual principal and interest payments of \$88,019, with an interest rate of 1.32%. In addition, the Authority will purchase the equipment for \$1 at the end of the lease term. The equipment has a 10-year estimated useful life. The value of the right-to-use asset as of the end of the current fiscal year was \$1,227,013 with accumulated amortization of \$336,979.

The future principal and interest lease payments as of June 30, 2025, were as follows:

Year Ending June 30	Lease Liabilities	
	Principal	Interest
2026	\$ 236,417	\$ 5,134
2027	151,548	2,870
2028	32,376	577
Total	<u>\$ 420,341</u>	<u>\$ 8,581</u>

**Note 5 - Capital Assets:**

A summary of changes in capital assets for the year follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets, not being depreciated:				
Land	\$ 1,087,106	\$ -	\$ -	\$ 1,087,106

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

---

**Note 6 - Landfill Closure/Postclosure Liability:**

The Authority currently has responsibility for closure and postclosure care related to three landfill sites and one mitigation site.

The landfills include two old landfill sites, Ingles Mountain Debris Landfill and Ingles Mountain Sanitary Landfill, which closed in 2002 and 1999, respectively. The new landfill, Cloyd's Mountain Regional Landfill, was placed in service during 1997. Open cells at the new landfill have a remaining life of approximately 4 years. State and Federal laws and regulations require that the Authority place a final cover on its landfills when closed and perform certain maintenance and monitoring functions for a minimum of thirty years after closure and ten years after closure of the debris landfill.

The stream and wetland mitigation site on the West Fork Big Indian Creek in Floyd County was constructed to offset after-the-fact impacts that occurred at the Authority's waste management facility located in Pulaski County. Permitting requirements for the site included: surface water delineations, habitat assessments, USM assessments, mitigation design and plan development, and planting plans. The site provides over 8,000 stream credits from stream restoration, enhancement, and preservation, as well as over an acre of wetland credits from wetland creation. The site will require annual monitoring through 2028, at which time it will transfer to long term stewardship status and will require an annual inspection to ensure that the conditions or the long-term maintenance plan are met.

Closure costs will be paid as closure occurs and postclosure care costs will be paid only near or after the date that the landfills stop accepting waste. The Authority reports a portion of these closure and postclosure care costs as an operating expense in each period based on the landfill capacity of the existing cells used to date (66.49%) of the constructed cells at June 30, 2025 for the Cloyd's Mountain Regional landfill and includes anticipated effects of changes in regulations and cost estimates.

The total liability recorded at June 30, 2025, is \$10,319,913 and includes \$10,544 designated for the old Ingles Mountain Debris Landfill site (now closed); \$312,670 designated for the old Ingles Mountain Sanitary Landfill site (now closed); \$9,691,619 designated for the new Cloyd's Mountain landfill; and \$305,080 for the West Fork Mitigation bank. Total closure and postclosure cost for all opened landfill cells at Cloyd's Mountain Regional Landfill is estimated at \$13,970,365 of which 69.37% has been recognized as noted above based on usage. As such, \$4,278,746 or 30.63% of the total estimated liability will be recognized in future periods as the usage percentage increases at the Cloyd's Mountain Regional Landfill. The old landfill sites and mitigation site estimates are recorded at 100% of their total liability estimates. The Board of Directors previously collateralized these liabilities as disclosed in Note 2 on page 20.

The Authority will periodically update these closure and postclosure cost estimates and, as necessary, make revisions to reflect any significant changes in estimates due to inflation or deflation, technology, or changes in applicable laws and regulations.

Closure and postclosure care requirements are mandated under the United States Environmental Protection Agency (EPA) rule, "Solid Waste Disposal Facility Criteria", and are subject to periodic revisions by the EPA.

Federal and state regulations require owners of municipal solid waste landfills to demonstrate financial responsibility for closure care, postclosure care and corrective costs arising from the operations of such facilities. The Authority has demonstrated financial assurance requirements for closure and postclosure care through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

---

**Note 7 - Pension Plan:**

***Plan Description***

All full-time, salaried permanent employees of the Authority are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

***Benefit Structures***

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service credit equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

***Average Final Compensation and Service Retirement Multiplier***

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees and 1.85% for sheriffs and regional jail superintendents. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees and 1.85% for sheriffs and regional jail superintendents. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

NEW RIVER RESOURCE AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2025 (CONTINUED)

**Note 7 - Pension Plan: (Continued)**

***Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits***

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

***Employees Covered by Benefit Terms***

As of the June 30, 2023 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	7
Inactive members:	
Vested inactive members	3
Non-vested inactive members	4
Inactive members active elsewhere in VRS	<u>0</u>
Total inactive members	7
Active members	<u>25</u>
Total covered employees	<u>39</u>

***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The Authority's contractually required employer contribution rate for the year ended June 30, 2025 was 7.45% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Authority were \$125,271 and \$109,102 for the years ended June 30, 2025 and June 30, 2024, respectively.

The defined contributions component of the Hybrid plan includes member and employer mandatory and voluntary contributions. The Hybrid plan member must contribute a mandatory rate of 1% of their covered payroll. The employer must also contribute a mandatory rate of 1% of this covered payroll, which totaled \$6,961 for the year ended June 30, 2025. Hybrid plan members may also elect to contribute an additional voluntary rate of up to 4% of their covered payroll; which would require the employer a mandatory additional contribution rate of up to 2.5%. This additional employer mandatory contribution totaled \$ 7,396 for the year ended June 30, 2025. The total Hybrid plan participant covered payroll totaled \$678,731 for the year ended June 30, 2025.

**Note 7 - Pension Plan: (Continued)**

***Net Pension Liability***

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For the Authority, the net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2023, rolled forward to the measurement date of June 30, 2024.

***Actuarial Assumptions - General Employees***

The total pension liability for General Employees in the Authority's Retirement Plan was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service related

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

**Post-Disablement:**

Pub-2010 Amount Weighted General Disables Rates projected generationally; 95% rates for males set back 3 years; 90% of rates for females set back 3 years

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**Note 7 - Pension Plan: (Continued)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Asset Target Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
PIP - Private Investment Partnerships	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	-3.00%	3.50%	-0.11%
<b>Total</b>	<b>100.00%</b>		<b>7.07%</b>
		<b>Expected arithmetic nominal return**</b>	<b>7.07%</b>

\*The above allocation provides a one-year expected return of 7.07% (includes 2.50% of inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

***Discount Rate***

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. For the year ended June 30, 2024, the employer contribution rate was 100% of the actuarially determined employer contribution rate from the June 30, 2023 actuarial valuations. From July 1, 2024 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Note 7 - Pension Plan: (Continued)**

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended June 30, 2025, the Authority recognized pension expense of \$205,517. At June 30, 2025, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 270,299	\$ -
Change in assumptions	10,584	-
Net difference between projected and actual earnings on pension plan investments	-	119,273
Employer contributions subsequent to the measurement date	<u>125,271</u>	<u>-</u>
Total	<u>\$ 406,154</u>	<u>\$ 119,273</u>

\$125,271 reported as deferred outflows of resources related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year Ended June 30

2026	\$ 33,960
2027	138,487
2028	14,738
2029	(25,575)
2030	-
Thereafter	-

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan):**

***Plan Description***

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

***Benefit Amounts***

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for COLA was \$9,532 as of June 30, 2025.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)**

**Contributions**

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.18% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.71% (1.18% x 60%) and the employer component was 0.47% (1.18% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2025 was 0.47% of covered employee compensation. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Plan from the entity were \$7,903 and \$8,437 for the years ended June 30, 2025 and June 30, 2024, respectively.

**GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB**

At June 30, 2025, the entity reported a liability of \$67,848 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2024 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2023, and rolled forward to the measurement date of June 30, 2024. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2024, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2024, the participating employer's proportion was 0.00608% as compared to 0.00571% at June 30, 2023.

For the year ended June 30, 2025, the participating employer recognized GLI OPEB expense \$3,050. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2025, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 10,701	\$ 1,657
Net difference between projected and actual earnings on GLI OPEB plan investments	-	5,719
Change in assumptions	387	3,362
Changes in proportionate share	4,458	1,165
Employer contributions subsequent to the measurement date	<u>7,903</u>	<u>-</u>
Total	\$ <u>23,449</u>	\$ <u>11,903</u>

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)**

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (Continued)***

\$7,903 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>		
2026	\$	(1,926)
2027		1,788
2028		616
2029		1,440
2030		1,725
Thereafter		-

***Actuarial Assumptions***

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Locality - General employees	3.50%-5.35%
Investment rate of return	6.75%, net of investment expenses, including inflation

**Mortality Rates - Non-Largest Ten Locality Employers - General Employees**

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

**Post-Disablement:**

Pub-2010 Amount Weighted General Disables Rates projected generationally; 110% rates for males set forward 3 years; 110% of rates for females set forward 2 years

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)**

**Actuarial Assumptions: (Continued)**

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**Net GLI OPEB Liability**

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2024, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

	<b>GLI OPEB Plan</b>
Total GLI OPEB Liability	\$ 4,196,055
Plan Fiduciary Net Position	3,080,133
GLI Net OPEB Liability (Asset)	\$ 1,115,922
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	73.41%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
PIP - Private Investment Partnerships	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	-3.00%	3.50%	-0.11%
Total	100.00%		7.07%
Expected arithmetic nominal return**			7.07%

\*The above allocation provides a one-year expected return of 7.07% (includes 2.50% inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

***Discount Rate***

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy and at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2024, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 113% of the actuarially determined contribution rate. From July 1, 2024 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

NEW RIVER RESOURCE AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2025 (CONTINUED)

**Note 9 - Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)**

***Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate***

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(5.75%)	(6.75%)	(7.75%)
Authority's proportionate share of the GLI Plan			
Net OPEB Liability	\$ 105,513	\$ 67,848	\$ 37,420

***GLI Plan Fiduciary Net Position***

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2024 Annual Comprehensive Financial Report (Annual Report). A copy of the 2024 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2024-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Note 10 - Health Insurance Credit (HIC) Plan (OPEB Plan):**

***Plan Description***

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

***Benefit Amounts***

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who

NEW RIVER RESOURCE AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2025 (CONTINUED)

**Note 10 - Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)**

***Benefit Amounts (Continued)***

retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

***HIC Plan Notes***

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

***Employees Covered by Benefit Terms***

As of the June 30, 2023 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	2
Active members	23
Total covered employees	<u>25</u>

***Contributions***

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The Authority's contractually required employer contribution rate for the year ended June 30, 2025 was 0.00% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Authority to the HIC Plan were \$0 and \$0 for the years ended June 30, 2025 and June 30, 2024, respectively.

***Net HIC OPEB Liability (Asset)***

The Authority's net HIC OPEB liability (asset) was measured as of June 30, 2024. The total HIC OPEB liability (asset) was determined by an actuarial valuation performed as of June 30, 2023, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

***Actuarial Assumptions***

The total HIC OPEB liability (asset) was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 10 - Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)**

**Actuarial Assumptions (Continued)**

Inflation	2.50%
Salary increases, including inflation:	
Locality - General employees	3.50%-5.35%
Investment rate of return	6.75%, net of investment expenses, including inflation

**Mortality Rates - Non-Largest Ten Locality Employers - General Employees**

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

**Mortality Improvement Scale:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

**Note 10 - Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-term Target Asset Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
PIP - Private Investment Partnerships	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	-3.00%	3.50%	-0.11%
<b>Total</b>	<b>100.00%</b>		<b>7.07%</b>
Expected arithmetic nominal return**			<b>7.07%</b>

\*The above allocation provides a one-year expected return of 7.07% (includes 2.50% inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

***Discount Rate***

The discount rate used to measure the total HIC OPEB liability (asset) was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2024, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2024 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability (asset).

***HIC Plan Data***

Information about the VRS Political Subdivision HIC Plan is available in the separately issued VRS 2024 Annual Comprehensive Financial Report (Annual Report). A copy of the 2024 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2024-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NEW RIVER RESOURCE AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2025 (CONTINUED)**

---

**Note 11 - Related Party Transactions:**

The following table summarizes fees received and accounts receivable from members of the Authority as of and for the year ended June 30, 2025:

Member	Operating Revenues	Accounts Receivable
City of Radford	\$ 161,618	\$ 13,410
Pulaski County Public Service Authority	812,031	67,642
Town of Dublin	17,256	1,366
Montgomery Regional Solid Waste Authority	1,966,861	182,333
Giles County Public Service Authority	434,938	35,631
Total	\$ 3,392,704	\$ 300,382

**Note 12 - Litigation:**

As of June 30, 2025, there were no matters of litigation involving the Authority which would materially affect the Authority's financial position should any court decisions on pending matters not be favorable.

**Note 13 - Risk Management:**

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority participates with other localities in a public entity risk pool for its coverage of general liability, property, equipment, crime and auto insurance with the Virginia Risk Sharing Association (VRSA). Each member of this risk pool jointly and severally agrees to assume, pay and discharge any liability. The Authority pays the pool contributions and assessments into a designated cash reserve fund out of which expenses of the pool, claims and awards are to be paid. In the event of the loss, deficit or depletion of all available funds, the pool may assess all members in the proportion to which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. Settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

**Note 14 - Adoption of Accounting Principle:**

The Authority implemented provisions of the Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*. The objective of Statement No. 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. No restatement was required as a result of implementation.

**Note 15 - Upcoming Pronouncements:**

Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

Statement No. 104, *Disclosure of Certain Capital Assets*, requires certain types of assets (lease assets, subscription assets, intangible right-to-use assets, and other intangible assets) to be disclosed separately in the capital asset note disclosures by major class of underlying asset. It also requires additional disclosures for capital assets held for sale. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

Implementation Guide No. 2025-1, *Implementation Guidance Update—2025*, effective for fiscal years beginning after June 15, 2025.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**Non-Largest Ten Locality Employers - General Employees**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Derived from the annual audited financial statements

---

## COMPLIANCE SECTION

---

**Independent Auditors' Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

---

To the Board of Directors  
New River Resource Authority  
Dublin, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities of New River Resource Authority as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise New River Resource Authority's basic financial statements and have issued our report thereon dated October 8, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered New River Resource Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New River Resource Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of New River Resource Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether New River Resource Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# EMERGING CONTAMINANTS

5

## Quadruple Whammy

Solid waste facility owners and operators may be affected by the *Safe Drinking Water Act* (**groundwater monitoring and remediation**), *CERCLA* (**acceptance of waste**), *Clean Water Act* (**leachate disposal to WWTPs**), and *Clean Air Act* (**landfill gas emissions**).

## PFAS ACTION ACT-2021

Setting nationwide drinking water standards under the **Safe Drinking Water Act**;

Classifying PFAS as hazardous substances under the **Comprehensive Environmental Response Compensation and Liability Act (CERCLA)**;

Setting PFAS effluent and discharge standards under the **Clean Water Act**;

Classifying PFAS as hazardous air pollutants under the **Clean Air Act**.

6

## EPA'S PFAS STRATEGIC ROADMAP (2021-2024)

### RESTRICT

Pursue a comprehensive approach to proactively prevent PFAS from entering **air, land, and water** at levels that can adversely impact human health and the environment.

### REMEDiate

Broaden and accelerate the cleanup of PFAS contamination to protect human health and ecological systems.

### RESEARCH

Invest in research, development, and innovation to increase understanding of PFAS exposures and toxicities, human health and ecological effects, and effective interventions that incorporate the best available science.

7

## EPA RULE UNDER CERCLA

Hazardous substances designation of PFOA and PFOS under CERCLA, effective July 8, 2024

- Companies will be required to report releases
- Trigger cleanups
- Requires responsible parties to pay for cleanup
- Liability for environmental damage

8

## FEDERAL PROPOSED LEGISLATION

### PFAS MCLS

- Withdrawal of Regulatory Determinations and removal of related provisions for 4 PFAS Substances.

### DEADLINE EXTENSION

- Additional time for WWTPs to meet compliance deadlines for MCLS of PFOA and PFOS (2031)

### NPDES PERMITS

- Will add PFAS to stormwater sampling for some types of facilities, potentially including landfills.

9

## AMENDMENT 9

Virginia Solid Waste  
Management Regulations

10

## ADDING COLUMN C LIST?

VDEQ is anticipating the need to address emerging contaminants, including referencing any contaminants with MCLs established by VDH regulation and updating groundwater sampling lists to add them.

11

## COSTS TO LANDFILLS

### PRE-TREAT LEACHATE

Partner with WWTPs

### GROUNDWATER MONITORING

PFAS-free Dedicated Pumps  
Remediation

### STORMWATER MONITORING

Treat as Leachate

### LANDFILL GAS

Title V Permit Renewals adding Testing

AT A MEETING OF THE NEW RIVER RESOURCE AUTHORITY  
BUDGET COMMITTEE  
HELD ON WEDNESDAY, DECEMBER 3, 2025, AT 10:00 AM,  
NRRA ADMINISTRATION BUILDING,  
DUBLIN, VIRGINIA:

PRESENT: Mr. Steve Fijalkowski, Chairman  
Mr. Paul Baker, Member  
Mr. Barry Helms, Member  
Ms. Debbie Lyons, Member

STAFF: Mr. Joseph Levine, NRRA Executive Director  
Ms. Monica Furrow, NRRA Assistant Secretary  
Mr. Ike Snider  
Mr. Adam Slaughter  
Mr. Brandon Atkins  
Mr. Nate Hurst  
Mr. Isaac Slade Wall

GUESTS: Mr. Andrew Monk, Thompson & Litton, Inc.

**I. Roll Call:**

Chairman Fijalkowski called the meeting to order.

**II. Approval of December 3, 2025 Agenda:**

The motion to amend the December 3, 2025 agenda to include a closed session pursuant to Virginia code §2.2-3711 (A) (1) for Executive Director annual review was made by Mr. Baker. The motion was seconded by Mr. Helms and approved by the unanimous vote of the Budget Committee.

**III. Administrative Items**

**A. FY 26-27 Budget Discussion**

Mr. Levine presented the FY 26/27 draft budget.

Mr. Levine stated that there are no rate change recommendations for the FY 26/27 budget year. On page two there is an estimate of the tons of waste to be brought in, all the estimates are conservative numbers. The total amount of revenue projected to be brought in by waste, clean wood, sludge, and tires is \$5,557,460.00. Estimates from Interests and Dividends is \$700,000.00. Revenue from Landfill Gas Sales is projected to be 75,000.00. Miscellaneous sales, which include carbon credits and auctions, are projected to be \$50,000.00.

On page three, there were no recommendations on account code 500.01, Member Compensation. Account code 501.00, Personnel, includes salary, benefits, FICA, and VRS. Under Professional Services, account code 511.00, Bank Administration Fees, this includes the credit card machine at the scales, which has increased in use in the previous year. Account code 520.10, Uniforms, increased due to an increase of employees at the Authority. Account code 605.01, Auditor, increased. Mr. Levine noted that the Authority has a three-year extension with the auditors. Account code 610.01, Compliance, is a new account code for the FY 26/27 Budget Year. Account code 630.01 Permitting Fees has decreased for the FY 26/27 Budget Year.

On page four, account code 710.10, Promotions, includes \$25,000.00 for the litter prevention program. Account code 754.20, House Keeping: the auditors recommend that the Authority have a third-party to clean the buildings due to the potential of sensitive documents. Account code 809.01; Motor Vehicles Parts

& Maintenance includes all vehicles, including the Gators and other side-by-sides. Account code 920.06, Tire Program; the Authority is looking into tire management. Currently Thompson Trucking hauling waste from Wythe-Bland Joint Public Service Authority (JPSA) on certain days and will haul tires back to JPSA. The Authority has a contract with Patriot Tire as well.

On page five, funds as of September 30 is \$9,752,103.00. The remaining big expense for the year is the Leachate Holding Pond. The NSPS XXX Compliance under the Landfill Gas Management Program is included for the anticipation of regulatory compliance in projected Expenses FY 26/27.

On page six, under the Equipment category, the Authority is looking to purchase a new dozer. Mr. Adam Slaughter will present to the Board of Directors for the potential purchase of an electric/diesel hybrid D6 dozer.

On page seven, the total projected reserve transfer is \$1,002,000.00. The Authority has a fully funded Financial Assurance, which is approximately \$14,598,659.

The motion to recommend the Budget to the entire Authority Board was made by Mr. Baker. The motion was seconded by Ms. Lyons and approved by a recorded roll-call vote of the Committee as follows:

Mr. Baker	<u>yes</u>	Ms. Lyons	<u>yes</u>
Mr. Helms	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>

The motion to enter closed session, pursuant to Virginia code §2.2-3711 (A) (1) for Executive Director annual review and salary discussion, was made by Mr. Baker. The motion was seconded by Ms. Lyons and approved by the unanimous vote of the Budget Committee.

The motion to reconvene the regular meeting was made by Mr. Baker. The motion was seconded by Ms. Lyons.

The following motion was made by Mr. Baker. I hereby move to reconvene the regular meeting and for certification pursuant to the Code of Virginia, that the Board of Directors, to the best of each Director's knowledge, heard, discussed or considered only public business matters lawfully exempted from open meeting requirements by the Freedom of Information Act in the closed meeting of this date, and only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered by the Board of Directors of the New River Resource Authority.

Mr. Baker	<u>yes</u>	Ms. Lyons	<u>yes</u>
Mr. Helms	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>

The motion to recommend the Executive Director's salary to the Authority Board was made by Mr. Baker. The motion was seconded by Ms. Lyons and approved by a recorded roll-call vote of the Committee as follows:

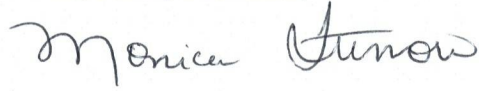

Mr. Baker	<u>yes</u>	Ms. Lyons	<u>yes</u>
Mr. Helms	<u>yes</u>	Mr. Fijalkowski	<u>yes</u>

#### **IV Adjourn:**

The motion to adjourn the meeting was made by Mr. Baker. The motion was seconded by Ms. Lyons and approved by unanimous vote of the Committee.

With no further business, the meeting adjourned at 11:09 a.m.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Monica Furrow".

Monica Furrow,  
Assistant Secretary

Approved at \_\_\_\_\_ Board Meeting.

**MEMORANDUM**

**TO: NEW RIVER RESOURCE AUTHORITY BUDGET COMMITTEE**

**FROM: JOSEPH R. LEVINE, PE  
EXECUTIVE DIRECTOR**

A handwritten signature in blue ink, appearing to be "JRL", is placed to the right of the printed name.

**SUBJECT: FY 2026/27 DRAFT BUDGET**

Please find attached a copy of the draft Proposed Budget for FY 2026/27. The Proposed Budget is similar in format with some changes to the approved Budget FY 2025/26. The following is a summary of the proposed budget:

**Page 1**

The disposal fees for FY 2026/27 are recommended to remain the same as FY 2025/26.

**Page 2**

1. The projected estimated tonnages were provided in the Tip Fee Analysis presented to the Board of Directors. Overall, the Member averages are consistent with FY 2025/26 estimates with just slight adjustments. The addition of the waste anticipated from Wythe/Bland JPSA is included.
2. The estimated revenue from the Waste Analysis for FY 2026/2027 (\$5,557,460) is slightly more than FY 2025/26 (\$5,330,210).
3. The Revenue Summary includes an estimated increase in revenues for the interest/dividends and consistent projected revenue from the LFG power plant and the reserve contributions.

### **Pages 3 and 4**

1. PERSONNEL is recommended to include a slight increase for the additional personnel and benefits for the continued development from attrition.
2. Uniforms (520.10) has a recommended increase to account for the anticipated increase in the items and additional staff.
3. Engineering (603.01) expenses are outlined in the Reserve Expenses (Page 5) minus the Surveying which is included in Account Code 603.02
4. Landfill Gas Management Program (609.01) is proposed to be \$230,000 for the landfill gas management program expansion and the annual expense to maintain the program.
5. The recommended increase to the Promotions (710.10) to emphasize outreach and education for the entire NRRRA service area.

### **Pages 5-7**

1. The NRRRA Reserve Fund balance has been revised as of November 30, 2025.
2. Projected expenses for FY 2026/27 include allowance for the engineering contracts, LFG compliance/permitting/monitoring/reporting, LFG System upgrades, Internet service upgrade, heavy equipment repairs/maintenance, equipment leases, office vehicle, Leachate holding pond, maintenance shop repairs, generator(s), and capital projects.

**MEMORANDUM**

**TO: NEW RIVER RESOURCE AUTHORITY BOARD OF DIRECTORS**

**FROM: JOSEPH R. LEVINE, PE**   
**EXECUTIVE DIRECTOR**

**SUBJECT: FY 2026/27 DRAFT BUDGET**

Please find attached a copy of the draft Proposed Budget for FY 2026/27. The Proposed Budget is similar in format with some changes to the approved Budget FY 2025/26. The following is a summary of the proposed budget:

**Page 1**

The disposal fees for FY 2026/27 for are recommended to remain the same as FY 2025/26.

**Pages 2**

1. The projected estimated tonnages were provided in the Tip Fee Analysis presented to the Board of Directors. Overall, the Member averages are consistent with FY 2025/26 estimates with just slight adjustments. The addition of the waste anticipated from Wythe/Bland JPSA is included.
2. The estimated revenue from the Waste Analysis for FY 2026/2027 (\$5,557,460) is slightly more than FY 2025/26 (\$5,330,210).
3. The Revenue Summary includes the estimated increase in revenues for the interest/dividends and consistent projected revenue from the LFG power plant and the reserve contributions.

**MEMORANDUM:**

**TO: NEW RIVER RESOURCE AUTHORITY BOARD MEMBERS**

**FROM: JOSEPH R. LEVINE, P.E.  
EXECUTIVE DIRECTOR**

A handwritten signature in blue ink, appearing to read "JRL", is positioned to the right of the printed name and title.

**SUBJECT: EXECUTIVE DIRECTOR'S REPORT**

This report includes the following:

- Waste Stream Report for November and December 2025
- Operations Summary

In summary of the Balance Sheet for December 2025, revenues to date are 14.5% above projections, and expenses are 3.7% below projections to date. The amounts transferred to the Reserve Fund for the months of November 2025, and December 2025 were \$198,066.55 and \$181,937.80, respectively. The total year to date transferred to the Reserve Fund is \$1,326,328.18.

**Operations Summary**

November 5-7, ACR Technical Services was on site to calibrate the flare and Archaea flow meter.

November 13, Michael Kanney with Momar was on site to discuss leachate treatment options.

November 17, Nate Hurst, Josh Owens, Ike Snider, Brandon Atkins, Adam Slaughter and I met with WAGA Energy to discuss renewable natural gas.

November 17, Nate Hurst, Josh Owens, Ike Snider, Brandon Atkins, Adam Slaughter, and I met with VERKADA to discuss security camera upgrades.

November 19, SCS Engineers were on site to perform Voluntary Tier II sampling.

November 19, I met with Jarried McFarland with GFL to discuss potential upcoming projects.

November 21, ECS met with Ike Snider, Josh Owens, Brandon Atkins, Adam Slaughter, and Nate Hurst to discuss electrical projects.

November 24, Nate Hurst, Josh Owens, Jamie Shoda, Adam Slaughter, and Brandon Atkins met with LaBella Associates to discuss upcoming projects.

December 2, Monica Furrow, Ike Snider, Nate Hurst, Josh Owens, Adam Slaughter, Brandon Atkins, and I met with TimeTracGO to discuss time clock system.

December 2, ECS was on site to assess old shop garage heaters.

December 4, I attended a virtual meeting with the Virginia Waste Management Board.

December 4, Marjorie Atkins' retirement party was held.

December 9, I attended a meeting in Richmond with the Virginia Waste Management Board.

December 10, NRRA hosted the Southwest Virginia Solid Waste Management Association quarterly meeting.

December 10-11, Blue Ridge Analytical was on site for semiannual leachate samples.

December 11, Thermal Solutions was onsite to replace the HVAC system in the Old Shop.

December 11, Brandon Atkins attended the MRSWA Board Meeting.

December 16-18, LaBella Associates held Class 1 and 2 Virginia Solid Waste Management Facilities Operator training courses on site.

December 30, Blue Ridge Analytical was on site to resample leachate.

December 31, Hobbs and Associates were on site to service the conference room AAON system.

January 5, Ayers and Sons LLC. were on site to perform quarterly leachate wet well cleanout.

January 5, Mike Kanney with Momar was on site to begin installing sump pump and coupon rack.

January 6-8, SCS Engineers were onsite to install RMC hardware at pump station 2.

January 7, ECS was on site to assess shop heaters and pole shed projects.

January 8, Mike Kanney with Momar completed the install of the sump pump and coupon rack.

January 9, I met with Hunter Arehart with NBB to sign documentation for the Financial Assurance Letter of Credit to submit to VDEQ.

#### **Ingles Mountain & West Fork Mitigation Site**

December 22, Josh Owens and Austin Burton performed routine maintenance and inspection of Ingles Mountain.

#### **Upcoming**

January 12-13, Pace Analytical will be on site for leachate sampling.

January 22, LaBella Associates will be on site to perform liquid level testing.

**Upcoming Compliance Submittals**

January 31, Annual Landfill Underdrain Monitoring Summary report is due to VDEQ.

March 1, Annual Tier II Report.

March 1, Semi-Annual Title V Report (Jul–Dec 2025).

March 1, Annual Compliance Certification (2025).

March 31, Annual GHG Emissions Report.

March 31, SWIA report due to VDEQ

April 1, Virginia Environmental Excellence Program (VEEP) Report.

April 15, Annual Emission Statement (2025)

April 30, Recycling report due to VDEQ.
